COMMENTS INVITED ON APPLICATION OF SPRINT COMMUNICATIONS COMPANY L.P. TO DISCONTINUE DOMESTIC TELECOMMUNICATIONS SERVICES

WC Docket No. 05-258 Comp. Pol. File No. 721

Comments Due: September 1, 2005

Section 214 Application

Applicant: Sprint Communications Company L.P.

On August 8, 2005, Sprint Communications Company L.P. (Sprint or Applicant), located at 6360 Sprint Parkway, Overland Park, Kansas 66251, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue the provision of certain domestic telecommunications services in Pleasantville, New York.

Sprint indicates that it provides local service to approximately 25 business and residential customers served by the Pleasantville wire center of Verizon-New York Inc. (Verizon). Sprint states that it currently provides local service to these customers using the Unbundled Network Element-Platform (UNE-P) offering of Verizon. Sprint indicates, however, that Verizon will discontinue offering UNE-P upon conversion of its Pleasantville wire center switch from circuit to packet later this year. Sprint states that it has determined it would be more cost effective to discontinue offering local service to these customers rather than migrate them to an alternative local service arrangement. Sprint indicates that, on or about July 29, 2005, it sent letters to all of its affected customers advising them that they should select a new local carrier by September 10, 2005 in order to avoid losing service on September 28, 2005, or as soon thereafter as practical for the discontinuance of Sprint's service. Sprint adds that it plans to end its provision of local service no later than September 30, 2005. Sprint indicates that it is considered non-dominant with respect to the service it seeks to discontinue.

In accordance with section 63.71(c) of the Commission's rules, Sprint's application will be deemed to be automatically granted on the thirty-first (31st) day after the release date of this public notice, unless the Commission notifies Sprint that the grant will not be automatically effective. In Sprint's application and notice to its customers, Sprint indicates that it anticipates discontinuing service on September 28, 2005, or as soon thereafter as practical. Accordingly, pursuant to section 63.71(c) and

the terms of Sprint's application, absent further Commission action, Sprint may not terminate service to the customers affected by this application until **September 28, 2005**. The Commission will normally authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

This proceeding is considered a "permit but disclose" proceeding for purposes of the Commission's ex parte rules, 47 C.F.R. §§ 1.1200-1.1216. Comments objecting to this application must be filed with the Commission on or before September 1, 2005. Such comments should refer to WC Docket No. 05-258 and Comp. Pol. File No. 721. Comments should include specific information about the impact of this proposed discontinuance on the commenter, including any inability to acquire reasonable substitute service.
